### **RE: Tas Marine Constructions interest in Building a breakwall in Eden**

Dear John,

I have been contacted by Bob Bain from the Eden Marine Group who is keen to see the proposed fixed break-wall happen in Eden.

As you know we have built lots of piled break-walls including:

- Royal yacht club Break wall (200m long)
- Derwent sailing squadron break-wall (220m long)
- Pirates bay jetty (100m)
- Maria island breakwall (50m)

We are currently building a piled break-wall structure at Bellerive which is 100m long and have an order for a 500m long break-wall in Picton NZ which will be starting this year for the Port of Marlborough.

We are also currently replacing the fender piles on the multipurpose jetty in Eden (which is going very well), and would be delighted to have the opportunity of pricing the new breakwall.

From what I have seen of the plans and our experience with the local conditions we will have no trouble coming in below budget.

If the tender was to come out as a D & C we would be very interested in tendering.

Yours Sincerely,

A handwritten signature in black ink, appearing to read 'Tom Wilcox', is written over a light grey, textured background.
